Chapter members that have prepared an entry for one of the new STAR Events must have their adviser register them online for SLC STAR Events. The new events for 2009 include: Promote & Publicize FCCLA! Teach and Train, Career Pathway Portfolio, and Outstanding Chapter Member Portfolio.

Be Prepared

- When STAR Event entries rely on an electrical outlet, travel with a minimum of 100 feet of extension cord.
- Always have a copy of the event guidelines with you to use as a reference for last minute details.
- Travel with an extra set of materials when an event requirement includes printed info (i.e. project identification page, contents of file folders, copies of portfolio pages) in case of water damage, losing it, etc.
- Laminate posters, display materials, etc. to increase durability.
- If participants are using note cards for their presentation travel with two sets.
- Adults serving as room consultants come with a calculator and stop watch/timer.

Please refer to the 2009 State STAR Events Room Consultant slides on the FCCLA (DPI) website to prepare yourself. The list of Room Consultant and bus supervision assignments will be posted on FCCLA (DPI) website two weeks prior to SLC.
